Dear Mrs. Stiles, -

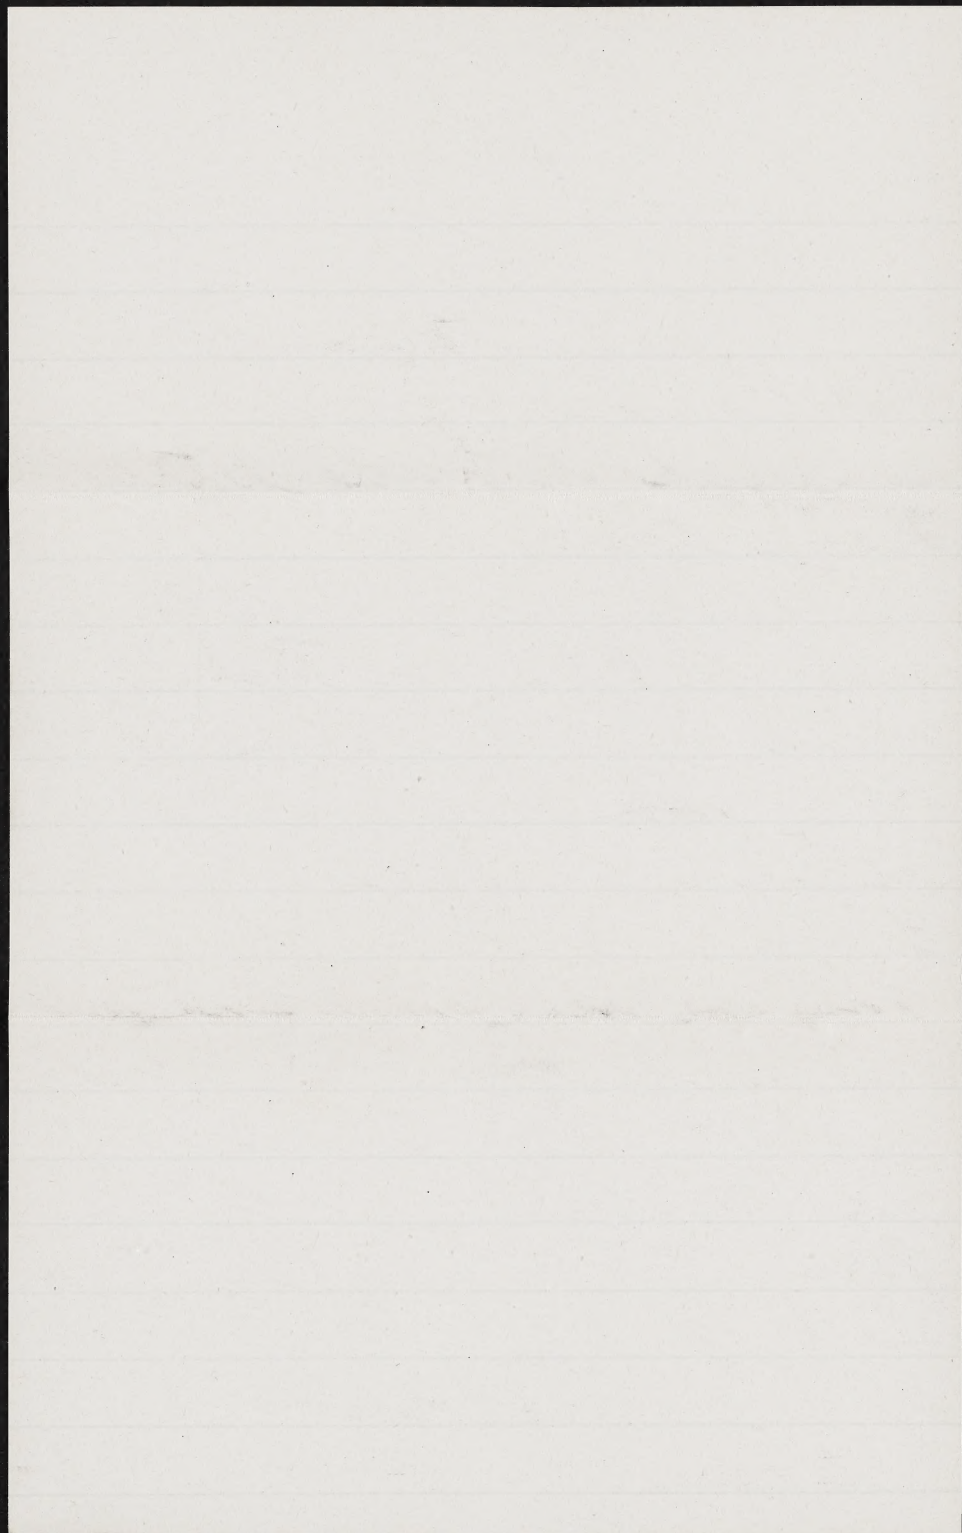

Your kind
and ever loving letter
came to me yesterday. I
was just washing forth
both hands as hard as
could be when Mrs Bindley
suddenly came out and
said Ida if you get me
some potatoes I'll give you
a letter. Well you might
know how glad I was to
hear from you I correspond
with Mrs Taylor all the
time. I enjoy getting letters
from the home very much
I want to come back for

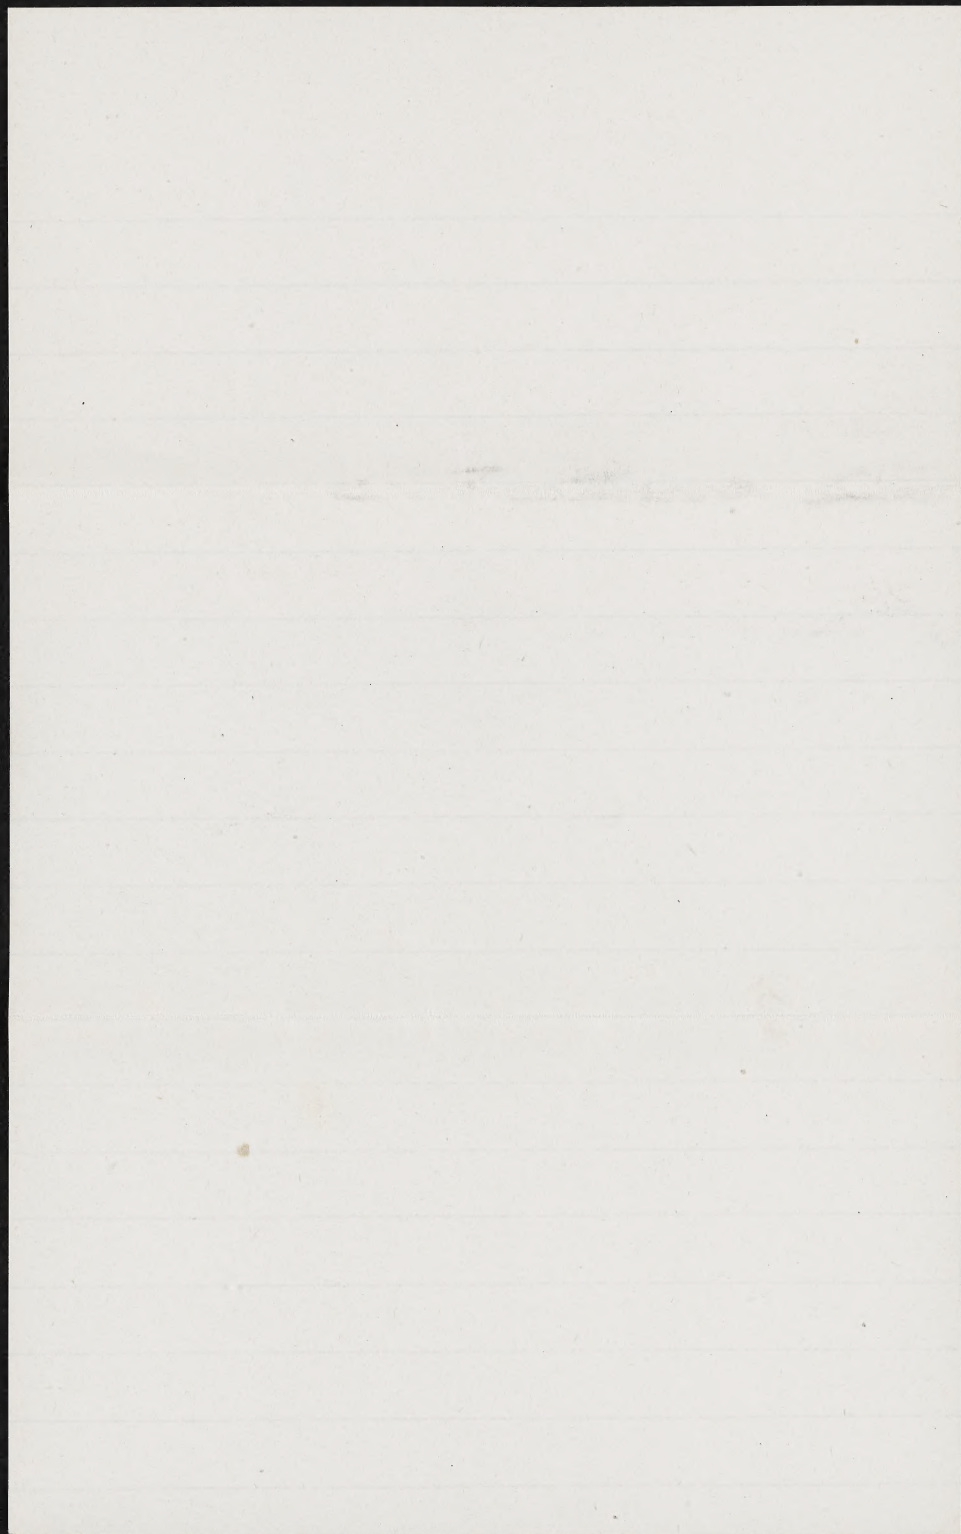

a visit about Easter time. I am getting a little lonesome to see the girls and of ficerwagain. I suppose every thing goes along from day to day in the same fashion. Often think of Miss Knowles. What a lovely lady she is. I shall always appreciate her kindness I am getting fat I think for I can hardly make some of my dress stands meet. I was just weighed today and I weighed 140 lbs. I think that is almost enough for a girl 18 yrs old don't you. I suppose you will be

going to Columbus before
 very long getting goods for the
 girls dresses next summer.
 What kind will I get.
 pink or blue gingham? I
 don't think we will go to
 house keeping at all. It is
 cheaper by far the way we
 are doing and papa is
 willing to support me all
 he can and I think I feel
 happier in the home I
 am now than I would
 be keeping house. I enjoy
 working very much. I made
 Miss Taylor a nice cushion
 for her bed she show it
 to you. A week ago Sunday

I was visiting Mr and Mrs.
Fristram. I was very much
surprised to find little
Mable there. I first telephone
d out to them and they
said to tell you Mabel
was a very nice little girl
they were very much pleased
with her and she seemed
to enjoy her place very much.
They are well and send best
regards to you. Tell I will
now ask you to give my
best regards to Mr. Styles
Miss Balf, Mrs Knowles
and No. 6. Officers and
girls. With best wishes
to you all I will now

5-

ask you to give my love to
Miss Kramfester and close
till another time.

Good Bye.
Miss Ida Kulp.
